To Whom it May Concern,

I understand the FCC may soon allow LPFM stations to expand their services. In doing so the LPFM stations would take priority over current FM translaor services. Pleace do not do this.

The radio station Airl is so valuble to our local community. Without this radio station the teen in this area will have no possotive, relevent music to enjoy. Airl has introduced our teen and preteen aged children and many of their friends to christian artists. It has kept them from being drawn towards secular music and commentary that we feel would bend them away from the ideas and morals we feel to be important.the sernice provided to our community by Airl is so great. This awsome radio station is a gift. It is a wonderfull tool that gives people hope, guidance and direction. Airl is a possitive alternitive adulte, teens, and even children can tune in to. Please do not take it away.

Sincerly,
DannaSue Shaw
